

Handout 8

Final exam preparation

- 1 Put the following terms and phrases in the correct column of the table underneath and discuss in groups of 2 or 3 what they are supposed to mean. Some terms could be grouped more than once.**

Chapter 1 form, meaning, and use	Chapter 2 comprehensible input	Chapter 3 input processing	Chapter 4 implicit & explicit knowledge	Chapter 5 interaction & corrective feedback	Chapter 6 output production

affective filter
 automatization
 critical period
 declarative knowledge
 deductive / inductive
 exercise
 feedback
 first noun principle
 focus on form(s)
 form-meaning connection
 grammatical meaning
 hypothesis testing
 input hypothesis
 intake

interaction hypothesis
 interface hypotheses
 IP
 languaging
 Larsen-Freeman
 lexicogrammar
 metalinguistic knowledge
 monitor model
 natural approach
 negotiation for meaning
